Mayor Moses Issues Term-Ending Report

4-H PROJECT REPORT

Following six months of selection care and feeding — 4- H project of Market pigs reached the culmination. 4-H and NFA members showed and competed with market pig projects from the Peidmont area of Virginia (14 counties) on Friday August 18th. The object is to demonstrate good methods of pork production in the area of good breeding, selection, sanitation, the use of high protein and mineral supplements, self-feeding and to show the proper type of hogs to produce for market.

Appomattox 4-H members from seven communities - sold 13 hogs, averaging 209 lbs, each for the average price of 18.5 cents per pound. The Appomatox youngsters participating were Lyod Forest Jr, Hershel Forbes, Mary Webb, Gilbert James, Jr., Dorothy Croner, Doris Ferguson, Bertram Johnson and Harold Johnson. The members carried from one to three hogs apiece. Gilbert James Jr. won first place, G. L. James says the parent's interest in this event has grown, and it is now estimated that over 500 persons attended the Peidmont Rural Exposition at McKenna's Livestock Market. It was an all-day affair with exhibits from Extension, Home Economics and Vocational Departments, in clothing, food and shop work. The Chief sponsor of the Event is the Lynchburg Chamber of Commerce, with Mr. J. J. Andrews cooperating with the working committees. This program has grown from a few hogs to nine classes, pens of three, and ten places for cash awards each class. The total number of hogs, raised, showed and sold was 104, the goals for choice hogs for 1962 is 200, of these same fine grade top animals. This project starts in March and February of 1962 - the invitation is now out for parents and 4-H members to join this educational event. Get started by contacting your Farm Agent. Surely we can deliver a record number of 4-H Market hogs from this county to this event for next year.

NEWS REPORT OF TOWN MAYOR

To the Citizens of
The Town of Appomattox:

The regular meeting of The Town Council was held Monday, August 21, at 7:30 P. M. in the Town Office. The regular order of business was transacted.

One of the more important items on the agenda was the construction a new curb and gutter sidewalk on the east side of Church Street from the intersection of Oakleigh Ave. to the intersection of Route 460. The State Highway Dept, has agreed to resurface this section of Church Street from sidewalk to sidewalk with a plant mix material and furnish the labor to form and lay the new sidewalk if the town will pay for the concrete for said sidewalk. The Council voted to pay for the sidewalk material. I feel sure that this will be a fine improvement to our Town, which we will all enjoy.

The Town Manager reported that the drilling of the new well has been completed. It has been drilled to a depth of 111 feet. It is now in the process of being tested and should be in operation in the very near future. We are hoping that this will add approximately 30% to our present water supply.

The 1961 Edition of the Town Code has as last been completed and approved by the Council. It is now in the process of being printed and should be completed within the ext two weeks. The Council has agreed to buy fifty copies, for a price of five hundred dollars. I feel sure that should any of you people like to have one of these to study, when they are completed, that they will be available upon request, and I do hope that you citizens will avail yourselves of the opportunity to study and familiaize yourslves with the charter, by-laws and ordinances of our town.

My term of office as your Mayor will expire the last of August. Let me take this opportunity to again thank all of you wonderful people for the consent, support and cooperation you have given me, as your Mayor, the members of the Council, your Town Manager, and all of the Towwn Employees. I want again to salute our well orgnzfized and most courageous Volunteer Fire Company.

During the past four years, I know that I have made some decisions that were not pleasant for all of you good people, but I would like to say that my mistakes were made from the head and not the heart.

I certainly hope that everyone will continue giving their full cooperation to your new elected town officials and I am very confident that Appomattox will progress and grow in a way that will be beneficial for all.

As a citizen of the Town of Appomattox, should there be any service that I can render in the future, please feel free to call on me, for I stand ready to help foster the growth and progress of Appomattox to the best of my ability.

Sincerely,
C. T. Moses, Jr.
